P&T Architects and Engineers Ltd.

COMPANY PROFILE

The P&T Group, formerly known as Palmer and Turner Hong Kong is probably the oldest and largest international architectural engineering practice in the South East Asia.

The Group now has over 1,900 staff and works from offices situated in Hong Kong, Macau, Singapore, Thailand, Malaysia, Taiwan, Vietnam, Shanghai, Beijing, Wuhan, Dalian, Dubai, Abu Dhabi, Ajman, Ras Al Khaimah and Saudi Arabia. Projects are carried out in these Asian and Middle Eastern countries as well as in the Philippines, India, Southern and Eastern Europe, New Zealand, Hawaii, America, and Canada, through associated practices.

We work to create the best quality building, and to provide the highest level of service to each and every project, to satisfy and exceed our clients' needs and expectations. We also believe in the responsibility of architecture beyond the building which includes a duty to society at large and respect for the culture, countries and cities where we build.

The P&T Group is one of the few architectural and engineering firms which has been in practice for more than 100 years.

The Group also has offices in Macau, Singapore, Thailand, Malaysia, Taiwan, Vietnam, Shanghai, Beijing, Wuhan, Dalian, Dubai, Abu Dhabi, Ajman, Ras Al Khaimah and Saudi Arabia. Projects are carried out in these Asian and Middle Eastern countries as well as in the Philippines, India, Southern and Eastern Europe, New Zealand, Hawaii, America, and Canada, through associated practices.

We work to create the best quality building, and to provide the highest level of service to each and every project, to satisfy and exceed our clients' needs and expectations. We also believe in the responsibility of architecture beyond the building which includes a duty to society at large and respect for the culture, countries and cities where we build.

Company Profile
Quartic was established in Hong Kong in 1978. It is a planning, architectural, M&E and interior design office. It offers quality professional services to clients from Hong Kong, USA, Europe, China and other Asian countries for their developments in Hong Kong and China. It provides design services for industrial, residential, commercial, office, institutional and resort/hotel developments.

The firm specializes in design, facility engineering and project management of manufacturing facilities for food, beverage, pharmaceuticals, chemicals, inks/paints/coatings, electronics, printed circuit boards, software, mount technologies, mechanics, logistics, etc. QNP has extensive knowledge of FDA, GMP, LEED, Factory Mutual requirements, etc.

Q & P Architect Design & Management was established in Suzhou, China in 2006 to provide engineering, project management and construction management services.

ROCCO

COMPANY PROFILE / STATEMENT
Rocc Design Architects Limited is a Hong Kong-based architectural firm. We are dedicated to the uncompromising fundamentals of architecture and practice. Our works are guided by a persistent attention to the quality of the total environment, sensitivity to local culture and contexts, fulfilling users’ needs and clients’ expectations, as well as adherence to construction budget and programmatic controls. There are 170 staff in Hong Kong and Guangzhou. We have demonstrated a prowess for design creativity over the years, with an impressive body of work across a wide range of sectors. Many of these projects have been honoured with prestigious local and international design awards.

13 Revitalization of Times Square, Hong Kong
1. IUKI TOWER
A Commercial building of more than 25 years of age
undergoing a major face-lift including the installation
of a new curtain wall system, sunshading devices

2. SHCC: AUDITORIUM EXTENSION
The proposed building consists of a plate of the art box
theatre, covered playground and a number of multi-purpose
activity rooms

3. ANHUI OFFICE BUILDING
Facades are intentionally tilted slightly, suggesting a sense
of change that is about to take place

4. PAREKH HOUSE
The exterior envelope used a double glazed facade with
Low-E coating to control the heat transfer. The fins, forming
a natural outline to coincide with the flow of the street

5. THE S-HOUSE

6. FIREX: LADY MACLEHOSE CENTRE

2. YMCA JORDAN
To allow flexibility, creatively utilize space, visual
impact and the purpose of the site has always
been the focal concept of our design. Our aim
was to visually expand the claustrophobic
space and to create a lively atmosphere to
encourage adolescent to explore their interests

3. SJS COMMUNITY CENTRE

4. YMCA TSUI WAN
Converted from a former badminton hall, the
centre has undergone a substantial transformation
with the use of materials in
its original form

5. SKYHIGH CREATIVE MEDIA
Conversion of existing Corpark into Skyhigh Creative
Media Partners. Demonstrating how a monotonous,
institutional space can be
converted into the home of creative talents

1. FOOD STREET

2. FASHION WALK INTERIOR
A comprehensive urban design intervention with the aim to create an
unified atmosphere, blending and make the return of great
city street shopping possible

3. FASHION WALK
An urban design intervention with the aim to create an unified atmosphere,
blending and make the return of great
city street shopping possible

RESORT DEVELOPMENT
A 300 rooms resort development
located in the Southern part of
China with village like arrangements.
The buildings are to be constructed of
natural, finished woods that
the cutout fuses with the landscape seamlessly
We treat architecture, interior design and urban planning as part problem solving, part anticipating the psychological perception the future users will experience, part questioning, re-evaluating the generally accepted norm, and part pushing the envelope of what architecture is about, providing a solution that will evolve with time.
