PRESIDENT'S MESSAGE

Dear Members,

2017 is a New Chapter for the Institute, after its first 60 years.

I feel honoured to be your President serving at this juncture and am pleased to report on our main initiatives of the year and the significant accomplishments that the Institute had achieved, both locally and abroad, to promote architectural excellence and the architects' profession as well as to connect our members and with the community.

Promoting Architectural Excellence

HKIA Annual Awards 2016/2017

The HKIA Annual Awards, which was held since 1965, was revamped in line with the latest practice. One of the changes this year was to re-introduce the award for Architectural Sustainability and Inclusive Design under the Special Architectural Award, in recognition of architect's responsibilities in addressing emerging social and sustainability issues in Hong Kong.

A 5-day exhibition of the finalist Award projects was held at Pacific Place in late October. To promote public engagement, the general citizens visiting the exhibition

were invited to vote for a special "My Favourite Architecture" prize among the projects on show. It was really interesting to see the different perceptions from the public against our jury panel. The Annual Award Prize Presentation Ceremony was integrated as part of the Annual Dinner 2017 programme, which was again a new endeavor.

HKIA Cross-Strait Architectural Design Symposium and Awards 2017

HKIA was the leading organizer of the Cross-Strait Architectural Design Symposium and Awards 2017. The Symposium was well attended by over 300 guests, students and HKIA members, with close to 100 awards presented to acknowledge the outstanding works amongst cross-strait region.

Promoting Our Profession and Members

Belt and Road Forum for International Cooperation

Upon the invitation by the HKSAR Government, I joined the Hong Kong official delegation led by the then Chief Executive Mr. CY LEUNG to the Belt and Road Forum for International Cooperation on 14-15 May 2017. It was evident from

PRESIDENT'S MESSAGE

close observations that the international interest on the Belt and Road development was huge with immense opportunities for professionals.

To keep the momentum going, the Institute organized its debut Belt and Road Sharing Session on 26 September 2017 in Shenzhen with a view to providing both Hong Kong and Guangdong practices with a platform to share the experiences and challenges in projects in Belt and Road region. The event was well received by over 130 attendees including HKIA members, representatives of mainland architectural firms, developers and contractors in Guangdong.

Guangdong-Hong Kong-Macau Greater Bay Area Consultation

The Institute continued to reflect our members' voices in good time. I attended a Guangdong-Hong Kong-Macau Greater Bay Area Consultation Session organized by Commission on Strategic Development on 14 June 2017. The Institute also made timely response to prepare for a joint submission with 10 local professional institutes of Hong Kong Coalition of Professional Services to National Development and Reform Commission (國家發展和改革委員會). The joint submission was also filed to Constitutional and

Mainland Affairs Bureau and the Belt and Road Office of HKSAR Government on 19 May 2017.

The 15th Venice Biennale International Architecture Exhibition - Hong Kong Response Exhibition

With the concerted efforts of The Hong Kong Institute of Architects Biennale Foundation, co-organizers Hong Kong Arts Development Council and Oi! Street, and lead sponsor Create Hong Kong, the Hong Kong Response Exhibition for the 15th Venice Biennale International Architecture Exhibition, themed "Stratagems in Architecture" (建築兵法), was held in Hong Kong in May 2017. Curated by our Member Mr. SIU Stanley, the Hong Kong Exhibition was concluded with great success.

2017 Hong Kong & Shenzhen Bi-City Biennale of Urbanism\ Architecture (Hong Kong)

Curated by our Member Dr. CHAN Lai Kiu, the 2017 Hong Kong & Shenzhen Bi-City Biennale of Urbanism\ Architecture (Hong Kong) (UABBHK2017) themed "City Smarts: Density 2.0 (城市執生)" took place in 9 satellite sites. The Opening Ceremony, which was held on 12 December 2017 at the New Century Plaza in Central, was

PRESIDENT'S MESSAGE

officiated by The Honourable Matthew CHEUNG, Chief Secretary for Administration of HKSAR Government.

The Exhibition marked the 10th Anniversary of our collaboration with Shenzhen counterpart and boosted UABBHK to a brand name for quality exhibition over the last decade.

HKIA Furniture Design Competition

Initiated by our Young Members Committee in early 2017, the first ever HKIA Furniture Design Competition winning SOFAs were showcased at Hysan Place in late 2017. During the exhibition, two public lectures were held on 26 November and 1 December respectively. The Prize Presentation Ceremony held on 2 December 2017 afternoon was well attended by around 60 participants.

Connecting with Members and Professionals

HKIA Annual Dinner 2017

Themed “New Chapter”, the Annual Dinner 2017 cum HKIA Annual Award Prize Presentation Ceremony, was held on 18 November 2017. This event was well

attended by guests and participants from local government, allied institutes, learned societies, universities, as well as our working partners. We felt privileged to have The Honourable Matthew CHEUNG, Chief Secretary for Administration of HKSAR Government as the Guest of Honour. The evening also provided a good networking opportunity for our members amongst and beyond the industry.

Special General Meeting

At a Special General Meeting ("SGM") on 18 August 2017, the resolution on 4 motions in relation to the amendments of the Institute's governing documents namely *The Rules of The Institute*, *HKIA Code of Professional Conduct*, *HKIA Agreement between Client and Architect*, *The Scale of Professional Charges*, *Guidelines to HKIA Members on Participation in Invited Submission for Architectural Consultancy Proposal* was passed by an affirmative vote of two thirds of those Members having a right to vote at the SGM.

The amendments to the HKIA key documents concerned was indeed a complicated issue that engaged collective wisdom amongst our members.

PRESIDENT'S MESSAGE

Connecting with International Bodies

International Presidents Roundtable Meeting, London

I was honoured to be invited by the Royal Institute of British Architects ("RIBA") to attend the International Presidents Roundtable at RIBA Headquarters in London during the RIBA International Week from 3 to 6 July 2017.

This was the first time that the presidents of major international and national architects organizations exchanged on challenges for architects' profession from the global perspective. The western parties showed keen interest in Belt & Road Initiative and possible collaboration on various fronts. I also took the opportunity to introduce the unique role and experience of HKIA in local registration/accreditation and the impact on Mainland China for full architectural services.

The 38th Architects Regional Asia ("ARCASIA") Council Meeting, Nepal

I attended the 38th Architects Regional Council Asia (ARCASIA) Council Meeting organized by the Indian Institute of

Architects from 3 to 4 November 2017 at Kathmandu, Nepal. During the meeting, the latest architectural development of Hong Kong and HKIA report on hosting the 17th Asian Congress of Architects (ACA17) were presented.

We may be expecting a robust development in ARCASIA in the coming years and a closer collaboration with the Institute on various aspects such as accreditation, professional practice, environment and sustainability etc within the Asian region.

International Union of Architects ("UIA") Congress and General Assembly 2017 Seoul

Over 15 HKIA members attended the UIA Congress from 3 to 10 September 2017. The research papers and design works presented by our HKIA members were of such good quality that HKIA Members managed to scoop 6 awards in the Congress including the Best Paper Award.

The newly elected UIA President VONIER Thomas from USA expressed keen interest to foster a closer tie with our Institute on various fronts.

PRESIDENT'S MESSAGE

Connecting with Mainland China

HKIA Council Visit to Beijing

With the coordination of Liaison Office of the Central People's Government in the HKSAR, 1 and 9 other Council Members paid a 2-day visit to Beijing to have meetings with those Central Governmental Departments of relevance to our Institute or practice in late July 2017.

This year at the Ministry of Housing and Urban-Rural Development ("MOHURD"), our delegation was received by the Deputy Minister YI Jun, followed by a 3-hour meeting with senior department officials. They were all very responsive to our presentation on HKIA/ARB, the Registered Architects and Authorized Persons systems in Hong Kong as well as the full architectural services provided by Hong Kong architects.

At the meeting with Ministry of Commerce, a presentation on 'Hong Kong Architects' Edge on Belt and Road Initiatives' was made to explore collaboration opportunities arising from Belt and Road and Greater Bay Area initiatives.

During the visit, a dinner was organized with invited guests and HKIA Non-resident Members. Our Honorary

Member YE Rutong, President of Architectural Society of China President XIU Long and representatives from HKSAR Government Office in Beijing attended the occasion.

Connecting with HKSAR Government

The Institute was engaging in active discussions with the top government executives as well as the relevant Bureaus to reflect architects' opinions and suggestions for the common good of the profession and the community at large, as well as for the policy makers in formulating the Policy Address 2017 and relevant strategies for Hong Kong.

Connecting with the Communities

Play to Change Exhibition @ Oil Street

Launched in February 2017, Play to Change Exhibition was a year-long project with roving monthly exhibitions at Oil Street. Through creative artworks and ad-hoc programmes, our young and energetic architects had a good opportunity to express their ideas and ideals of 'Change' on city planning, urban architecture and other social development issues.

PRESIDENT'S MESSAGE

HKCSS Community Housing Movement

HKIA was one of the major supporting professional bodies since the introduction of the new initiative for providing affordable and decent transitional social housing by the Hong Kong Council of Social Services (“HKCSS”). Apart from sitting in the Social Housing Steering Committee to provide professional advice. I also participated in the HKCSS Convention 2017 in November as the panel facilitator.

Finally I would like to thank my fellow Office-bearers, Council, Boards and Committees as well as the supporting Secretariat for their dedication and hard work to live up to the challenging calendars for a fulfilling year. However, nothing is possible and meaningful without general members' participation.

Thanks again for your unfailing support to our Institute.

Belt and Road Initiatives and Bay Area Development

With a view to liaising with government officials, professional institutes or other organizations on Hong Kong architects' development in Belt and Road, and Bay Area, a Taskforce has been set up under Board of Mainland Affairs under the leadership of Mr. SHEN Edward and Mr. CHI Daniel.

Apart from making suggestions and proposal on the development of Belt and Road and Bay Area, the Institute hosted a sharing session in Shenzhen, China, on 26 September 2017 to provide both Hong Kong and Guangdong practices with a platform for sharing experiences and challenges in projects in Belt and Road region.

The full-day seminar was attended by around 130 representatives, and most of them were executives and members of senior management of the buildings industry in Hong Kong and Guangdong. It enabled both sides to establish direct contact and facilitated the forging of

strategic partnerships in taking forward Belt and Road-related work. There were also in-depth discussions on how to capitalise on the distinct advantages of Hong Kong's business and professional services sectors so as to jointly promote the Initiative.

Qianhai Development

After the signing of the co-operation framework agreement by the governments of Guangdong, Hong Kong and Macao on 1 July 2017, a development plan for a city cluster in the Guangdong-Hong Kong-Macao Bay Area (the Plan) was basically drafted. The Plan will provide a blueprint for building a world-class city cluster through complementary co-operation among the three places. HKIA actively participated in taking forward the development of the Bay Area, so as to create favourable conditions for our architects to work or start up and operate business. To tap more first-hand resourceful and intangible information, BMA representatives were proactive to take part in associated seminars and meet with Planning Department of Qianhai Authority to co-ordinate effort related to the implementation of the Plan.

Honorary Treasurer Mr. CHAN Benny was invited as a speaker to share his views on future cooperation amongst talents in Hong Kong and Shenzhen at Talent Cooperation cum Shenzhen Talent Carnival organized by Qianhai Authority on 1 November 2017 in Shenzhen, China.

This will enable us to capitalise on the unique advantages of Hong Kong in the Qianhai and formulate concrete proposal plans in a more focused manner to respective policy-makers.

HISTORICAL NOTE

FORMATION

On 3rd September, 1956, 27 architects gathered and formed a Society “for the general advancement of Civil Architecture and for promoting and facilitating the acquirement of the knowledge of the various Arts and Sciences.” Thus The Hong Kong Society of Architects was formed. On 7th May, 1957, the first amendments were made, to stand for over two and a half years. During this period the membership of the Society increased by 50% and recognition as an Allied Society was given by Royal Institute of British Architects. In accord with this growth further amendments were made to come into effect on 3rd November, 1959. By the end of 1962, the Society expanded to a membership seven times as large as that first body of foundation members.

The changes of name from Society to the Institute was effected in 1972 after a great deal of preparatory work, and has initiated a new phase of activity in the Institute’s affairs. Members will use the professional affix – Architect HKIA and

describe themselves as Member of The Hong Kong Institute of Architects. Associates will describe themselves as Associate of The Hong Kong Institute of Architects in full. No abbreviation of this is permitted.

PURPOSE

The two main purposes of the Institute are to continue to raise both the standard of architecture in Hong Kong and the standard of professional services offered by its members.

CODE OF PROFESSIONAL CONDUCT

In addition to the responsibilities of architects as professionals under law, members of the institute are governed by a Code of Professional Conduct. This Code aims to provide the standard of professional conduct and self-discipline required of the members of the Institute in the interest the general public.

HISTORICAL NOTE

DISCIPLINE

A member whose conduct is found to be in contravention of the Code or dishonouring the principle of the Code is liable to reprimand, suspension or expulsion. This ensures that the public receives from HKIA members only the highest standard of professional service.

SERVICE TO THE PUBLIC

The Institute also serves the public by applying the collective expertise of its members in an advisory role to government and to the building industry. Today, HKIA is represented in numerous consultative or advisory bodies ranging from a working group which counsels the drafting of new building and planning legislation to a committee which formulates standard contracts for use in the building industry.

ARCHITECTURAL EDUCATION

In the field of education, the Institute works closely with the two Universities, namely, the University of Hong Kong and the Chinese University of Hong Kong and offers courses and counsel in professional practice and practical experience in architecture.

PROFESSIONAL QUALIFICATION

Every year, candidates aspiring to the professional qualification of Architect sit a professional examination held by the Institute. Successful candidates receive recognition not only from professional bodies in Hong Kong but also in UK, Australia, Canada, USA and other countries.

INTERNATIONAL PARTICIPATION

In recent years, the Institute takes Hong Kong to the fore in international circles through its active participation in the International Union of Architects (UIA), the Commonwealth Association of Architects (CAA), and the Architects Regional Council of Asia (ARCASIA).

HISTORICAL NOTE

ORGANIZATION

Today, The Hong Kong Institute of Architects has around 180 Fellows, more than 3,000 Members and over 600 Associates and Graduate Members. The Institute is governed by a Council consisting of a President, two Vice-Presidents, an Honorary Secretary, an Honorary Treasurer, eight Ordinary Members of the Council, the Immediate Past President (ex-officio member) and the Chairmen of the Boards. The Boards, appointed by the Council, are formed to deal with specific areas in the objectives of the Institute. They are the Board of Educational Affairs, Board of External Affairs, Board of Internal Affairs, Board of Local Affairs, Board of Practices and Board of Mainland Affairs. These Boards in turn appoint Committees to deal with matters within the area of responsibility of the Boards.
